

KHS 1971 LAIR

# Dedication

MRS. CATHERINE CURTIS

The Senior Class of 1971 wish to dedicate the fourth edition of the Lair to Mrs. Catherine Curtis.

We greatly appreciate all the little things you have done for us such as selling lunch tickets, helping us find someone, and locating almost anything we might need.

Your constant smile and helping hand will never be forgotten.

The class of 1971 at Katahdin High School is one of unique distinction. Your class, the first to have spent four years in the new system, has contributed much toward establishing the identity and the good reputation of Katahdin. That the school is such a successful and smoothly operating place of learning is largely due to your united efforts. No other class will have the task of proving itself which your class has had. I am sure that I speak for many interested persons in saying, "WELL DONE."

HAROLD FENLASON; Superintendent

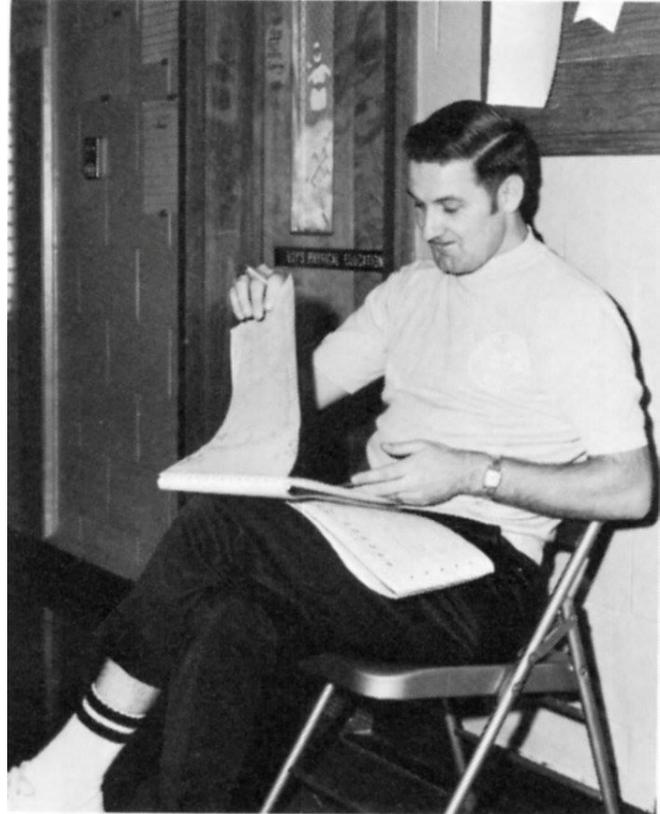

You are now at the point where a variety of choices will be made available to you. If you have prepared well, your chances for success are good. If not, you must expect limited benefits from your education. This same principle may well be in effect throughout your life. It should not be enough, however, to be satisfied with mediocrity or with the status quo. Hopefully the quest for achievement will be a constant one so that you, as citizens, may eventually grow into the type person you have always wanted others to be.

Good wishes and good fortune.

# Our Prom

A dark, grainy photograph of a banner. The banner is the central focus, featuring the text "SONG IN MY HEART" in a light, possibly white or yellow, font. The text is arranged in a slightly curved line across the banner. To the right of the word "HEART", there is a small, circular emblem or logo. The background of the photograph is very dark and textured, suggesting an outdoor setting at night or in low light. The overall quality is poor, with significant noise and low contrast.

# Kids Inc.

Steering Committee

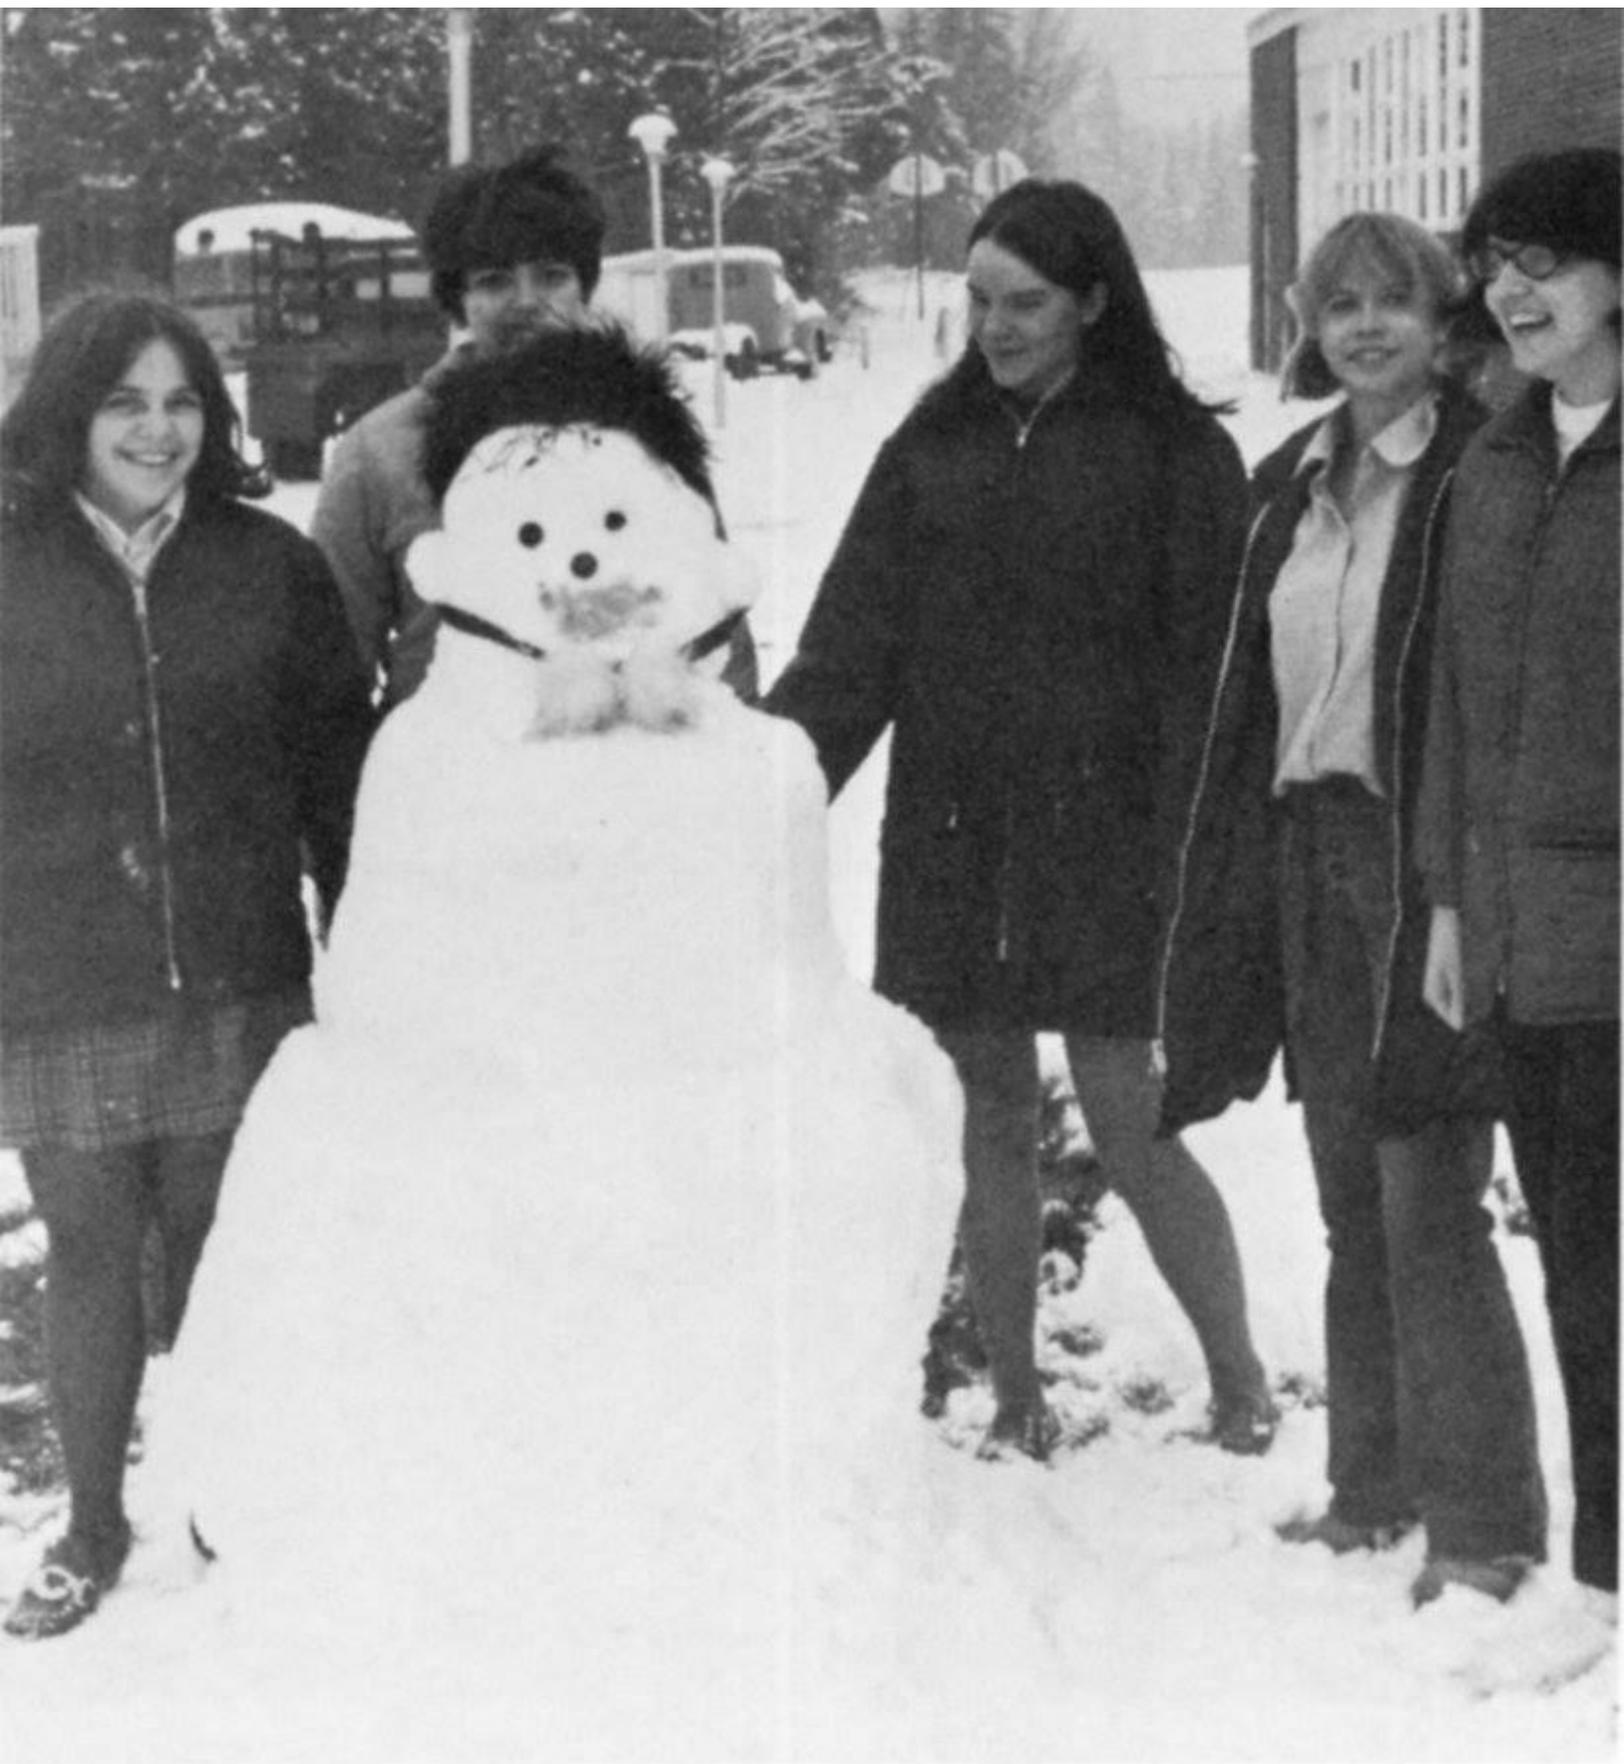

This whole Program started with a few kids asking about skating out on the lagoon. From this discussion there developed talk about having a different Christmas program -- one with a little more meaning. Ideas sprang up from everywhere. When the final plans were decided upon, the program consisted of a party by the sociology class for the children of the Green Valley School, an invitation extended for the local Senior Citizens to attend out Christmas assembly, and a collection of new and repairable toys for the less fortunate children of the area. The party for the Green Valley kids turned out to be a big success. The little kids got a big kick out of Frankie Laundry being Santa Claus, at times he had one on each knee, trying to answer both's questions and at the same time trying to keep them from yanking off his beard.

The assembly provided amusement for all with its student-faculty skits. Presents were given to both groups of Senior Citizens. The students feel that the high point of the assembly was the presentation of a plaque to the administration from the students, as a symbol of their gratitude.

After the assembly, the Senior Citizens enjoyed refreshments prepared by the Home Ec. girls. After this they toured the school and visited with the faculty. Probably the biggest and most successful project involved our collecting, repairing, and distribution of better than 500 prettily wrapped packages, to approximately 92 kids. Many of us were involved with this project and we got a great deal of personal satisfaction from its success.

It's sing along with Seniors time!

# Reflections '67 To '71

And now, the end is near . . . we sure had fun those High School years!

As shy little freshman we had a Sadie Hawkins dance to get acquainted but as it happened the boys sat on one end and the girls on the other.

We improved as sophomores with our "Penny Queen" dance, with our class candidates as winners.

Our great and glorious accomplishments occurred during our Junior year. We started off with a dance featuring the "Sound Investment" which took in the biggest haul in the History of K.H. S! Our junior class play attended the State Finals -- but they just weren't ready for us! Our Pride and Joy was the junior prom!!!!!! Through much planning, hard work and cooperation we feel we succeeded in putting on the best prom ever. Our theme "A Song in My Heart" reflected our feelings of the night.

Our Senior year was started busily and hasn't seemed to have slowed down yet. Our yearbook has taken up most of our spare time. We are planning a dance for March and we've improved some since our freshman year. This time the MEN sit on one side and the WOMEN on the other!!!

Graduation will soon be arriving and the best way we can express our feelings at this time is through this poem:

A memory as a scampering form hastens by, then is vanished.

But for a second it will remain,

As the leaves flutter from his motion.

Then silence, An anxious silence, full of bewilderment.

That brings a softly penetrating sadness.
