It seems that every group of young people acquire a monumental set of problems on completing a particular phase of its education. Not only must graduating students face the job of further education and training, they must get ready to take over the myriad woes of the world which have been left by their predecessors. The hope of the future lies in the fact that each succeeding generation is better trained and more competent. As you take your place in post secondary life, I offer my congratulations and re-affirm my confidence that each succeeding group will contribute more toward living improvement.

Sincerely,
A. Harold Fenlason,
Superintendent of Schools

The yearbook staff and all other students who have worked so diligently on the yearbook deserve a word of praise for putting together such a fine publication.

I would like to wish each senior much success in the years ahead. I hope that we have prepared you well so that you can face each crisis in your life with confidence.

The class of 1970 has been a very fine class. You have left your mark with the underclassmen and faculty. We are sorry that you are leaving but happy to think that you have now reached another important plateau in your life.

Many best wishes!

Arthur W. Wells
Principal

Senior Play

STANDING: Mr. Bombard, Advisor; Bridget Qualey, Brent Porter, Michael Grant.

This year the Seniors presented "Gloria Mundi." This production was the first of its kind presented at the high school. It was the story of the workings of an insane asylum. The cast did an excellent job with this production. The cast would like to thank their advisor for spending a great deal of time with this production. With the help of Mr. Bombard, the play was enjoyed by everyone.

Junior Play

SEATED: Susan Daigle, Lynn McNally.
STANDING: Miss Curtis, Advisor; Mike Arbo.
Absent when picture was taken: Bruce Shaw.

This year the local one act play contest was won by the Juniors, for their excellent performance of "Rise and Shine." Although they didn't win the KVL contest this year, they did an exceptional job. This play will represent Katahdin High School in the Maine State One-Act play Championships. We wish the play cast the best of luck at the contest.

Sophomore Play

SEATED: Bonnie Long, Karen Barnett.

STANDING: Elaine Sprague, Joette Goodwin, Mr. Barstow, Advisor; Susan Lewis, Eva Noyes.

The Sophomore play, entitled "All But the Truth, was a comedy. The cast did a very good job with the production. It kept the audience in stitches all during the play because of the funny lines and farcical circumstances. The cast would like to thank their director, Mr. Barstow, for his time that he spent in preparing the play for an excellent performance.

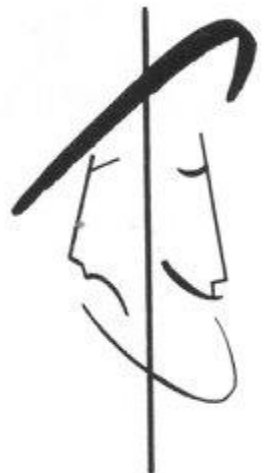

Freshman Play

SEATED: Elizabeth Leavitt, Helen Qualey.

STANDING: Mr. London, Advisor; Amber Sprague, Nellie Rush, Brian Daigle.

For their first performance at the high school level, the cast of the Freshman play did an excellent job. We are sure, that, as the cast members receive more experience in this line of entertainment, they will put out some excellent performances in the future. Their play was entitled "Nobody Sleeps."

The Katahdin High School girls' team compiled a 16-2 record. We had a "very fine" season. Not only did we play good basketball, but we went on numerous walrus hunts, and one night caused many a raised eyebrow on the interstate between Sherman and Island Falls. The Globetrotters never had it so good!! There were such season highlights as Mona scoring for Hodgdon, Claire forgetting her sneakers and Kathy her uniform. One team didn't score any points the 1st half. Becky fouled out with 4 fouls. Ruthie got ready for the Howland game at the hospital.

The girls would like to thank our "very fine" coach, Mr. Barstow, for being so understanding and putting up with us.

The Katahdin Basketball Cougars, under coach Ron Hicks, completed an up and down season with a 9-9 record. Although playing only .500 basketball, the Cougars were out of only two games all season, with 7 of the 9 losses being by 9 points or less.

Co-captains Roger Michaud and Mike Dauphinee led the Cougars with outstanding support from sophomores Billy Robinson, Kevin Craig, and Gary Horton, along with junior Glen McLellan. With eight underclassmen back, Katahdin can be looked on as a top contender for the coming years.

My Trip to Washington, D. C.

On February 14 I left Bangor International Airport for our nation's Capital city, Washington, D.C. This was the beginning of one of the most exciting weeks of my life.

I, along with 350 of my peers from all parts of this country of ours, was to take part in "A Presidential Classroom For Young Americans." This was to be a course in the workings of our government. We arrived in Washington on Saturday, the 14, and stayed until the following Saturday.

During the week we attended 23 seminars, with subject matter pertaining to the present day working of our government, and took part in many discussion groups, with prominent governmental employees. We also had appointments with our Congressmen, viewed sessions of Congress, attended a Supreme Court hearing, and toured the city.

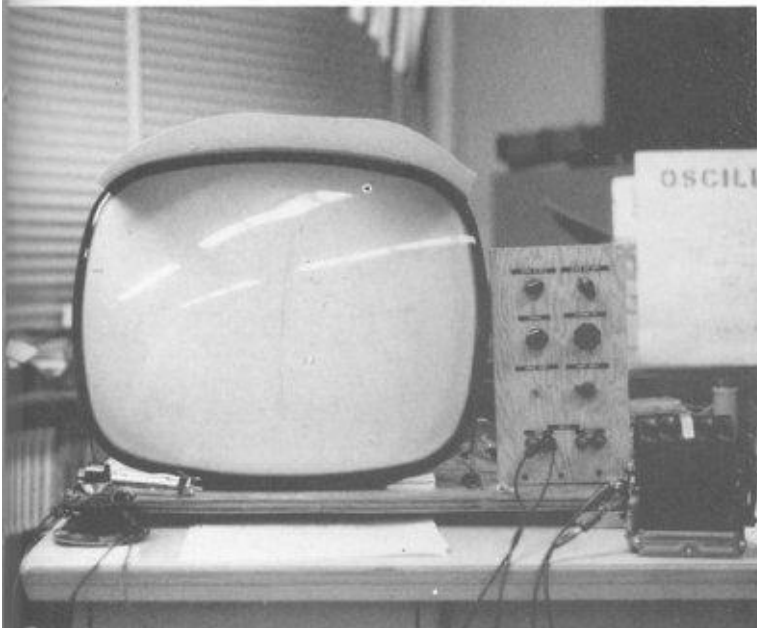

When I left, for Washington, I had the false impression that this was going to be a "snow job." I thought that the people in Washington were going to tell us how great and glorious our government was. I could never have been more wrong. They brought out the bad as well as good points of our government. They told us that our present system is not always right, but neither is always wrong in its legislative policies. We were shown the many problems facing the Congressmen in Washington, which are brought about by such things as the press, television, pressure groups, and full time lobbyists.

Yes, I learned a great deal from this trip to Washington; I wish that every student in this high school could go there and experience what I did. I have the same feeling as the great literary figure, Oliver Wendall Holmes: "A moment's insight is sometimes worth a life's experience." This was truly an experience that I will never forget. I hope that we all get the chance to visit our nation's capital during our lifetime, because with this visit comes a true and deep understanding of our great government. With this understanding will grow a deep love for our country and her people.
