## High School Dedication

From the old. . .

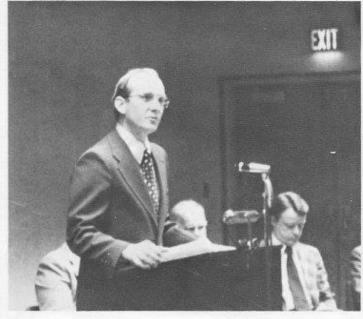

. . to the NEW

#### Superintendent's Message

The Senior Class of 1977 enters the world at a very exciting time. We have just recently elected Jimmy Carter as our 39th President. With his down-to-earth, homey type approach to the world and its' problems, we will see the enthusiasm of the Kennedy era repeated.

Your class has been the first to graduate from the new Katahdin High School. We thank you for helping make the transition a smooth one. We do have one important request, that you return from time to time to share in the ever continuing growth of our school and its educational programs and to let us know what you are doing.

To the group of students who will go directly into our society and begin being wage earners, we feel confident that the variety of programs offered at our high school level has prepared you well to meet the challenges of immediate employment.

To the class of 1977, on behalf of the Board of Directors and myself, we sincerely wish you the very best in all of your future endeavors.

Mr. Keegan

#### Principal's Message

In reflection, it's an easy thing to see what could have been different over the past four years and how you would have reacted differently with people. Maybe some of you would do everything the same and yet others would make some sweeping changes. Whatever the case, as you look ahead to your careers, families, and all that goes with being an individual in our society, look back often to your experiences of the past four years and learn from them. It was the only time and the last time in your life that you will have lived in such closeness with other people. If you've had some bad experiences don't repeat them. If you've had some good ones remember them often. If you've had friends and cared for them, you'll have others so don't dwell too long on the nostalgia of losing someone now but go on to someone else . . . . again and again.

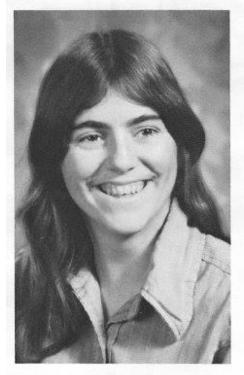

Mr. Ritchie

This year a cast of hams consisting of seniors, juniors and sophomores combined all their talents with the much needed guidance and help of Ms. Bates to perform the first play ever in the new Katahdin High Auditorium. "Our Town," a three act play of a small town in New England enabled the cast to demonstrate on stage, their most valiant efforts for not turning a dramatic play into a slap stick comedy.

The most memorable and expressive of the cast feelings was Mark Porters famous last words, "Ms. Bates, I don't see how we can possibly get this play done by March 10!" "The show must go "...but Ms.

Bates... I really don't think...
